

changing lives, one dance at a time!

## this year, we dare you to dance

CITY CELEBRATION hopes that this 2015 is the year that you shine! No limits, reach for the stars and dream bigger than you ever have before.

Our team is super excited to get 2015 started with a kaboom and we hope that you will join us on our adventures this year.

City Celebration has decided to change its Dance Fit program name to GUIDANCE! This is our program aimed

at school children aged from Grade R to Grades 10. Our main goal with this program is to empower these children to make good and proper life choices. Choices that will see them thriving in their homes and at school. We look forward to starting up GUIDANCE at ML Sultan St Mary's Primary School, Sastri Park Secondary School, Collingwood Primary School, Gardenia Primary School and Durban East Primary School.

**BHAMBAYI DANCE STARS:** You will remember that in November last year our Bhambayi dancers performed for a live audience at Durban's Dance Movement Festival hosted by Dance Movement at the Catalina Theatre. City Celebration is so proud to tell you that after a board members vote, our Bhambayi Dance Stars were awarded a small Junior dance development sponsorship prize! Well done!

# changing lives, one dance at a time!

November and December 2014 City Celebration was transporting city youth: 4 from Protek Ink, 2 from Sastri Park Secondary School, 1 from Gardenia Primary School and another 1 from Durban East Primary School to be at their shoot days for Tomfoolery's TV Advert. These youth were casted from within our various programs that we host throughout the city. So much was achieved through this event and the life lessons learnt along the way were astonishing! Not only have individuals been changed by their involvement in this advert, families and communities have been touched in some way too. City Celebration would like to thank all those mentors, parents, friends and families that supported, trusted and believed in those 8 youth to make it great! Thank you Tomfoolery for making it FUN!

City Celebration is looking forward to having another group of ICS (International Citizenship Service) volunteers join us as we begin our GUIDANCE program this year. Zoe Life Innovative Solutions is partnering with Tearfund to bring the ICS

programme to South Africa. These volunteers will be spending time with us and the kids in our dance classes, sharing important life lessons and exposing the children to different nationalities.

## HOW CAN YOU HELP:

Every week our volunteers travel around Durban approximately 150km to our schools GUIDANCE Program, we don't charge the schools as their funding is super low already. If you can help in any way fund our transport, please get in touch with Jade on [durbancitycelebration@gmail.com](mailto:durbancitycelebration@gmail.com)

We are looking for a sponsor to donate a portable sound system to use as we move around our schools and Dance Workshops.

## THANK YOU FOR YOUR CONTINUED SUPPORT!
